Wednesday 9th. Woke at 5 a.m. with an earth tremor that went through the area. Final farewells to Bro. Dagsi, Sis. Esther, family and others that were there to see us off. With the rain, the roads were a bit slippery in places. In one spot a truck had slipped into the bank and because of a tree stump in the way, could not move. We could not get past so we had to wait for the ambulance to bring a chainsaw out from Gangal to cut through the stump. We stopped over at Bishop Paderes' home for early lunch and then off to Dagupan. Some of the Officers accompanied us on their motor bikes as far as the river. Bishop Jimmy stopped to visit his great Uncle and Aunt who he had not seen for some time. He is 100 years of age and she is 98. They claim their long life is because they have a drink of GIN with their breakfast. This was the first trip Bishop Delfin did not want to stop to eat, he is obviously keen to get home. Arrived at 4:30 p.m. Raining quite heavily. Sister Kim was glad to see us all, and as usual, out came the icecream for starters. Phoned home. Their son-in-law Mike was home from England for his mother's funeral so we had a discussion on his church work in the U.K. Usual Australian meal and then discussions into the night. It was good to have a shower tonight.

Thursday 10th. Left Dagupan at 8 a.m. to drive to Pacpaco in Tarlac. Lots of delays as we seemed to strike the funeral parades. Arrived 9:30 a.m. and had Officers' seminar. Approximately 50 Officers attended. Good to meet them all again. We discussed bible topics and questions until lunch and for an hour again after lunch and then all left for home communities. We travelled back to Bishop Jimmy's home arriving about 5 p.m. Farewell to Evangelist Matildo and inspected the new building. They assure me it will be ready by Sunday. Will need a lot of overtime. After dinner to bed early to rest the old bones.
